**Reminder Press Release**

**Eligible Owners or Lessees of Certain GM Vehicles that were Subject to Certain Recalls,  
You Must File Your Claim before Month x, 2020.**

Seattle, WA, Month x, 2020/JND Legal Administration

A proposed class settlement of economic loss claims by persons who owned or leased GM vehicles that were recalled in 2014 has been submitted for approval to the federal district court. The recalls involved the ignition system, key rotation, electronic power steering and/or side airbag wiring. Plaintiffs claim that consumers overpaid when they bought or leased these vehicles. General Motors LLC (“New GM”) and the Motors Liquidation Company GUC Trust (“the GUC Trust”) deny these allegations. Plaintiffs, the GUC Trust and New GM have agreed to a settlement to avoid the risk and cost of further litigation.

The proposed settlement class includes all persons (individuals, businesses and organizations) who, at any time as of or before GM’s announcement of the 2014 recalls, owned, purchased, or leased a vehicle subject to any of the recalls in the United States, or its territories and/or possessions. Daily rental fleet businesses, governmental entities and certain other persons are not included in the class.

Go to [www.XXXXXXXXXXX.com](http://www.XXXXXXXXXXX.com) to see if your GM vehicle is covered by the settlement and if you are eligible to file a claim. All claims must be received online or by mail before Month x, 2020.

If approved, the settlement fund will be **\$120 million**. Payment amounts to eligible class members depend on which recall applied to their vehicle, settlement implementation costs, and the number of eligible class members who file claims.
