In re: General Motors LLC Ignition Switch Litigation

Case Number: 1:14-md-02543-JMF

Document Number: 2128 (No document attached)

Date: January 18, 2016

Docket Text:

ORDER with respect to [2120] Motion to Seal. The Court is skeptical that there is any basis to keep New GM's motion papers under seal, but will give Plaintiff an opportunity to be heard on the issue in a closed session of Court before ruling. Assuming the Court can arrange for a court reporter, it will hold that closed session in Courtroom 1105 (i.e., the Court's usual courtroom) at 8:45 a.m. tomorrow. In other words, counsel should appear in Courtroom 1105 at 8:45 a.m. and be prepared to address the propriety of keeping the motion papers under seal. If the Court denies the motion to seal, it will make the transcript of the closed session available to the press and to the public and direct New GM to immediately file its motion papers on ECF. After the closed session, the Court will return to Courtroom 506 to address other trial-related matters and to continue with trial. (HEREBY ORDERED by Judge Jesse M. Furman) (Text Only Order) (Furman, Jesse)
