

**U.S. District Court  
Southern District of New York**

**In re: General Motors LLC Ignition Switch Litigation**

Case Number: 1:14-md-02543-JMF

Document Number: 2144 (No document attached)

Date: January 19, 2016

Docket Text:

**ORDER with respect to [2130] and [2131] Letters Regarding Deposition Designation Disputes for John Sprague, Arturo Alcala, and David Carey.** The Court rules on the disputes with respect to the Carey deposition as follows. All objections are **OVERRULED**, except that Tr. 105:24-108:22 (which includes one portion to which New GM objects, one portion to which Plaintiff objects, and three portions to which there is no objection) and Tr. 121:24-122:7 (to which New GM objects) shall be omitted. Additionally, New GM's objection to PX 103 (which the Court takes to be the same as MDL Ex. 80) coming in through the testimony of Mr. Carey is **SUSTAINED**, as Mr. Carey does not appear to authenticate the exhibit (and apparently had not even seen it before his deposition (see [2131] New GM Letter at 4 (citing Tr. 197:3-5)). (**HEREBY ORDERED** by Judge Jesse M. Furman) (Text Only Order) (Furman, Jesse)
